

EAST CITY FLOWER SHOP FLOWER TALK MINI

MAY-JUNE
2025

FOR YEARS WE HAVE SUNG THE PRAISES OF
PICK ONTARIO. LET'S LEARN WHY...

pickOntario is an initiative developed by Flowers Canada (Ontario) Inc. to raise awareness, interest and demand for Ontario-grown cut flowers and potted plants.

When you pick Ontario, you are supporting the more than 600 greenhouse farmers who employ approximately 8,000 people in our province. The growers in Ontario work hard to produce quality flowers and use the latest trends in technology and growing techniques to ensure their products are delivered fresh to local retail establishments, daily.

We are grateful for the beautiful fresh, long lasting and local flowers and plants. As we have said many time "Ontario product kept the wheels on our bus during the pandemic". We are counting on these same growers to sustain us with Canadian flowers in the challenging times ahead.

How about a Tropical Planter this year?

Low Maintenance – Many tropical plants are hardy and easy to care for, perfect for busy dads.

Unique & Stylish – A tropical planter adds a bold, vibrant touch to home or office décor.

Lasting Gift – Unlike cut flowers, a planter keeps growing, serving as a lasting reminder.

Mood Boosting – Greenery can improve mood, reduce stress, and freshen up a space.

Personal Touch – It feels thoughtful and different from the usual tie or gadget.

LET US HELP YOU BE PROM PERFECT...

Prom flowers bring a touch of natural beauty and elegance to prom night, making the evening feel even more special. Whether it's a classic rose corsage, a bold tropical boutonniere, or

a custom bouquet, flowers add color, personality, and charm to every look. They're the perfect finishing touch to celebrate a night full of style, memories, and magic. See us for a beautiful selection of Ontario grown flowers for your date.

OUR EFFORTS TO MAKE LIVING BETTER...

The milk bags we collect are cleaned, cut into strips, and woven or crocheted into durable, waterproof sleep mats. These mats are then donated to people in need, offering comfort and protection from the cold, damp ground. It's a simple way to recycle with purpose and help make a difference in someone's life. Thank you to everyone who contributes to this special project.
